

FACT SHEET G2

Sustainable Stormwater Management and Erosion Sediment Control

About this chapter

Chapter G2: Sustainable Stormwater Management and Erosion/Sediment Control is a generic chapter that relates to stormwater and erosion/sediment control requirements for all development in Shoalhaven.

This chapter is based on the existing provisions of:

- Draft DCP 122 – Sustainable Stormwater Management.

The majority of the provisions in draft DCP 122 were carried across into this chapter, except where:

- Duplication had occurred.
- Provisions were reworded for consistency and ease of understanding.

Generic stormwater and erosion/sediment provisions are not contained in the generic or area specific chapters of the draft Shoalhaven Development Control Plan 2014 (draft DCP) and are instead located in this chapter for consistency and ease of use.

Please refer to the table at the beginning of the chapter for a detailed list of proposed changes.

Note: This chapter has supporting documentation that should be read in conjunction with this chapter.

Further information

For further details relating to the information in this fact sheet and the draft DCP, please:

- visit the draft DCP website at <http://dcp2014.shoalhaven.nsw.gov.au/>
- Contact Council:
 - Phone: (02) 4429 5377
 - Email: council@shoalhaven.nsw.gov.au
- Send us an enquiry: <http://dcp2014.shoalhaven.nsw.gov.au/content/ask-question>
- 'Chat with us' online. 

Click on the 'Chat with us' icon at the bottom right of the DCP website. A member of the DCP Team will be available to chat with you between 9am - 5pm (Monday to Friday) during the exhibition period.
